

***ROTHKO CHAPEL*** technical rider

**technician:** Ingeborg Slaats. 0031 627 016 033, slaats1@gmail.com

**genre:** Object theatre. No text.

**performance duration:** 30 minutes, no break

**number of actors:** 1

**number of dressing rooms:** 1

**setup time:** 4 hours

We arrive with a minimum of 6 hours before the performance is scheduled. We arrive with 2 persons, we ask 2 technicians from the theatre.

**deconstruction time:** 2 hours

**stage:**

The space needs to be darkened.

minimum width: 8m

minimum depth: 8 m

minimum height 3 m

**audience:**

For the visibility it is only possible to have 8 chairs on every row.

With a total of 5 rows the amount of audience is 40.

The position for the technician behind the audience.

**installation:**

The installation is build with 3 iron frames (see picture), each 1.13 deep, 1.60 wide, 2.40 high.

In front there is a wooden frame, at the back there is a screen. Behind the frame there are 10 tripods.

We use 2 beamers for projection on those screens.

**light:**

The light, mostly led, is build in the installation. We have our own dimmers with us.

We only need 16 Amp.

**sound:**

We use our own laptop for the sound.

We use the sound system, mixer and 1 DI from the theatre.
